WHITE RIBBON THOUGHT OF THE WEEK

“Make improvements, not excuses. Seek respect, not attention.”

IMPROVING THE SCHOOL ENVIRONMENT

It has been lovely to see the rain in recent days, glimpses of green on the way to school has been a pleasant way to start the week. As I walked in to the school I noticed the work that the Grounds Committee has initiated. Having a welcoming environment improves student wellbeing and the committee has identified aspects of the school grounds that need improvement. With the support of the P&C there will be several projects that will commence this year including new irrigation systems and improvements in several garden areas. I would like to thank our staff who have committed their time to this committee and I look forward to reporting on improved areas in the upcoming months.

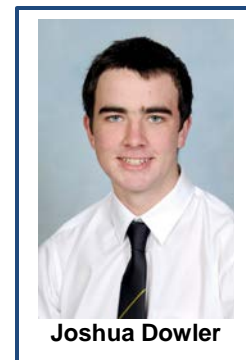

NATIONAL YOUTH SCIENCE FORUM - APPLICATIONS NOW OPEN FOR YEAR 11 STUDENTS

Charlie Carson and **Josh Dowler** presented at last Month's Rotary dinner on their experience at the National Youth Science Forum which is a residential program to encourage young people in their passion for Science, and I can report that their presentation was valued by the Rotarians. Our local Rotary group offered financial assistance to Josh and Charlie to attend the weeklong event at the Australian National University in Canberra.

Charlie Carson

Applications are now open for current Year 11 students who have a passion for Science and STEM. Rotary has supported our students for many years in attending the forum and many students have found that after attending the forum the pathway for their future careers was paved. Thank you to the local Rotary group who play a valuable role in ensuring students from our local community have such wonderful opportunities.

Joshua Dowler

OUTSTANDING SERVICE BY MOLONG CENTRAL STUDENTS

This week I received a letter of thanks from Molong Advancement Group thanking our Hospitality students for the superb service that was provided at the Banjo Paterson Festival Dinner. **Naomi Heywood, Morgan Romer, Myles Madden, Lily Mathews, Caitlyn Campbell, Alyssa Watts** and **Henrietta Pottie** were very professional in their service and I would like to thank **Mrs Lyn Corinth** for supporting these students not just during the service but also in the delivery of their course. Mrs Corinth has prepared students in the career of hospitality for many years and has recently been required to update her own training in order to continue to deliver the course. We are fortunate to have a dedicated teacher and mentor of our students, who willingly gives her own time to ensure our students are well prepared and presented.

Mrs Michelle Barrett,
Principal

PRIMARY SOFTBALL

MCS had an amazing day at Jack Brabham on Tuesday 26th March. All boys improved in their skill as the day progressed and we had some impressive wins.

14-2 vs Wellington

24-2 vs Mudgee

22-3 vs Calare

Our pitcher/ catcher combo was a force to be reckoned with, as many batters were struck out. We also had Cody, Harry, Sam. F and Lochie all hit outstanding home runs, sliding into home.

The boys now move on to the next round, which will be Wednesday Week 1 Term 2 (1st May).

Miss Lydia Ebert, Primary

**Back L-R: Jett Weekes, Sam Foy, Cody Peschka, Lochie Bohringer, Robert Heath & Jack Greenwood
Middle L-R: Sam Milne, Harry Brazier & Ben Brazier
Front L-R: Dewk Mills & Hunter Hobbs**

OPENING OF JAKE'S PLACE

Last Wednesday, staff of Molong Central School welcomed members of the Whiting and Williamson families, along with students, community members and volunteers for the opening of 'Jake's Place'. This playground area has been dedicated to the memory of Jake Whiting, our beloved student who passed away tragically last year. One of Jake's favourite things to do was to work alongside his friends, supporting Mrs Mary-Ellen Betts, who worked tirelessly to establish an interactive outdoor space for our younger students to play in. Last Wednesday everyone came together to honour Jake's memory and experience the play area first hand. I would like to acknowledge Mrs Betts for her dedication to this project and Mrs Jenny Barrow's effort to bring all of this together on the day, her meticulous attention to detail ensured everything ran smoothly.

OPENING OF JAKE'S PLACE

SECONDARY ATHLETICS CARNIVAL

The scene was set with some stunning Autumn weather for what was shaping up to be a hotly contested Secondary Athletics Carnival for 2019 held on Thursday 14th March 2019.

There was a great show of house spirit with students dressed in some very interesting and colourful outfits to support their houses. A great roll out from students saw all track and field events kept busy all day. Year 12 stood out with their 80s inspired outfits and music (much to the delight of their Year Advisor, Mrs Quigley!)

As is often the case, all houses were in the running early in the Carnival with the lead changing on several occasions. **Congratulations to Yuranigh House** who ran out comfortable winners in the end.

Well done to all students who participated in their respective events throughout the day, you should be very proud of your efforts.

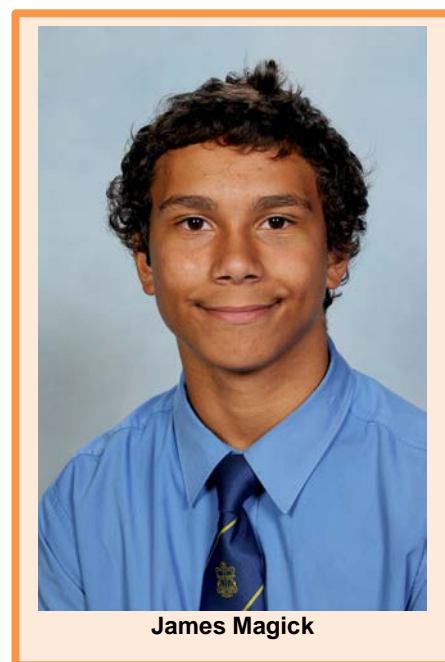

Congratulations to all!

Thank you to everyone who assisted in the running of the Carnival, including our amazing SRC students who ran the canteen for the day and the Year 12 BBQ chefs. Thanks also to our students who assisted in the morning and the afternoon setting-up, Mr. Rolf Lapins and Mr Doug Watson for their tireless efforts in marking out the grounds, and of course the MCS staff for their ongoing support.

Mrs Jane Quigley
Sports Coordinator

There were some records broken on the day with two students beating their sibling's records. These included...

Event	Old Record	New Record
1500m Senior Girls	6.01.17 (1998 – Jackie Roxburgh)	5.37.16 - Jesyca Pearson
800m Senior Girls	2.53.85 (2016 – Karla Pearson)	2.34.85 - Jesyca Pearson
High Jump Senior Girls	1m 39m (2018 – Amy Fulwood)	1m 40m - Katie Fulwood
Javelin Junior Boys	33.03m (1997- Clayton Gavin)	38.17m – James Magick

SECONDARY ATHLETICS CARNIVAL

Our Athletics Champions for 2019 are as follows...

Sub Junior Girl – Dana Gibson

Sub Junior Boy – Bailey Peschka

Junior Girl – Ella Gibson

Junior Boy – Flim Cummings

Senior Girl – Katie Fulwood

Senior Boy – Charlie Huggett

Dana Gibson

Charlie Huggett

TAKING CARE OF BUSINESS

Molong Central School Business Studies students toured the facilities at Borg Manufacturing in Oberon and Nestle Purina at Blayney as part of a unique opportunity to examine the manufacturing environment of leading global and local businesses based in the Central West.

Students were able to examine first-hand the manufacturing, quality, safety and logistic processes at both factories. The size and scale of the manufacturing facilities impressed the students, as both companies are two of the largest employers in the region.

Borg Manufacturing manufactures melamine panels and components for an array of joinery applications including kitchen cabinetry. Borg Facilities Manager Tony Truscott took students on a guided tour through the factory providing students with a first-hand experience seeing the transformation process of a raw into finished products.

Following the tour, we made our way to our accommodation in the Blue Mountains where students participated in a confidence building activity by challenging themselves on a vertical ropes course. By working together to successfully scale the ropes, the students learnt the value of teamwork and perseverance. Not to mention it was lots of fun too. In the evening, Miss Corby managed the campfire so our marshmallows were toasted just right!

The next morning we headed to Blayney for a tour of Nestlé's manufacturing facilities. Karl Nealon, Factory Manager at Nestle, detailed contemporary business issues facing manufacturing facilities in Australia, and provided an overview of Nestle's global operation. He also explained how cat and dog food products such as Felix and Supercoat are marketed and distributed. Nestle provided us with a boardroom style lunch, which the students were very impressed with along with a selection of chocolate and lollies produced by Nestle to sample.

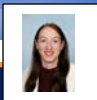

To ensure safety whilst walking through the wet and dry manufacturing facilities at Nestle students were required to wear full protective clothing which included goggles, hard hats, fabric gloves, apron and ear plugs.

"The level of precision required in the operations process and seeing in person the application of robotics and technology to achieve this is truly amazing," said Angel Mascord, Year 12 student.

Mrs Alicia Chisholm, HSIE Faculty

Our students at Borg Manufacturing

YEAR 7 SUSTAINABILITY

7 Green and 7 Yellow have been learning all about sustainability and how to adopt more sustainable ways of living into their own lives. This has been a wonderful opportunity for me, as I am a beginning teacher this year! I have been lucky enough to work with both of these Year 7 classes since week 6. Last week, we read, watched and studied Dr Seuss' story, The Lorax. This story shows the negative impact of cutting down too many trees and wasting our natural resources. This week we worked in small groups to design an object that was made out of materials we normally throw away, such as cardboard, cans, bottles and plastic bags, to re-use these materials instead of littering the Earth. We then used persuasive speech to present and sell this object to our classmates. We came up with fantastic objects like a bike out of scrap parts, binoculars out of glass bottles, scrunchies and socks out of old clothing and a dog home out of cardboard and can rings. Some groups even made their objects at home! We have had a lot of fun and learnt a lot while studying sustainability and I have had a great start to my teaching career with these lovely classes.

Mrs Ambah Vardanega, English Faculty.

YEAR 7 BLUE MATHS

Year 7 Blue have been busy in Maths this year learning new skills with their BYOD device. We have been using Microsoft OneNote as the main forum for teaching and learning. OneNote has been set up for this class into the following

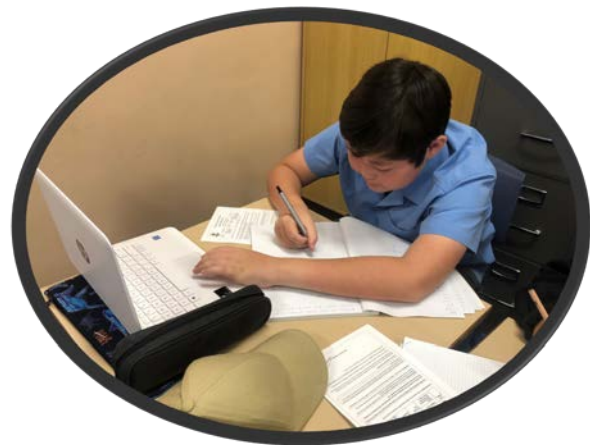

OneNote is available through Microsoft office (free for students through their portal), as an application when purchasing their device or through the student portal as an online version.

Some benefits of OneNote include:

- Not all reliant on the internet (the notebook can be synced at school which will then be able to be used at home without using the internet. Anything completed by the student will then be synced when back on the school network)
- Not having to carry around a heavy text book
- Submitting homework online with the teacher to check at any time rather than just when it is due
- Keeping all content in one convenient location so important documents are not lost
- Collaborate with class members or ask questions in the collaboration space
- Automatically saves so work isn't lost
- It's free

Year 7 Blue have come to embrace this learning tool and I look forward to experimenting more as the year progresses.

Miss Georgie Stamatopoulos, Maths faculty

PRIMARY NEWS

READING WITH RELUCTANT READERS

Everyone by now knows that good readers are frequent readers. As parents we all have the best of intentions that our children will read every day. But what happens when life gets in the way? By the time you race the kids to three different sets of sports training, music lessons, dance and then throw in Dr appointments and groceries, plus the trips into Orange, being patient with a Home Reader seems impossible. Then the tantrums start or the flat out refusals. Who has the energy?

Therefore, here are some hints and tips to help you with your child on their reading journey.

- Tech down time. When children know that technology is not an option, reading becomes a lot more interesting. Try having a set time each day that is tech free, turn the tv off and put out some books.
- Audio books are fantastic! No your child may not be reading the actual book, however, a large proportion of the benefits of reading are related to extending children's vocabulary. Audio books are like mini productions now, with music, back ground noise and sound effects. Audible is a popular choice and has a great variety of books for every age and interest.
- Take a trip to the library as a family. Children will bring home readers from school, however, they may have a greater interest in a particular series and these can be marked off on their Club 200.
- Read to your children (even the big ones). Kids love to be read to both at school and at home. Rediscover the joy of sharing a book with your children, they'll thank you for it.
- Ask your children to read to others. Older kids might read to younger children. Young children love to read to anyone including the dog or a beloved teddy.
- Create a reading space- make reading a special time with it's own special place.
- Instead of taking the ipad or DVD player in the car on the way to Orange, put a book box in the back seat. Change the books around regularly. This works really well if you don't draw attention to the box. It's a little like leaving snacks around the house for reluctant eaters! They will delve in when they think no one is looking.

PEER SUPPORT

The students have been enjoying their lessons in Peer Support run by our Peer Support Leaders. Each week it is wonderful to see the senior students head down to pick up their Kindergarten students and escort them to the lessons with such care. During the lessons, these leaders really shine, even those that have never thought about their own leadership potential. Even the students who we would describe as quite and shy, are demonstrating that they can speak clearly, communicate well and manage a group effectively. A win for everyone involved!

COLDER WEATHER

As the crisp mornings finally start to arrive, school jumpers are worn to school but are quickly taken off as the day warms up. Please make sure these jumpers are clearly labelled so we do not end up with a huge pile of lost property.

SCHOOL UNIFORMS

Wearing your school uniform with pride is an expectation at Molong Central School. Please ensure that your child is leaving the house of a morning wearing the right school uniform. More and more often we are seeing brand name socks of a variety of colours, football jumpers and an array of shorts being worn to school. There is always much debate over school uniforms and the need for them. For me personally, it is about looking neat and tidy and part of the team. When students are well presented, it flows into every aspect of their day. If there are any issues with supplying your child with the correct uniform, please let me know.

PRIMARY NEWS

CONGRATULATIONS TO MRS TAMATI

We are so happy to announce that after many years of teaching on temporary contract, Mrs Tamati has been offered a permanent position at Molong Central School.

This is exciting news for Mrs Tamati, but even better news for the staff, students and parents of Molong Central School.

Having had Mrs Tamati teach my own son for two years, I can attest to her dedication and outstanding practice.

Week 7	Year 1 Amber
Week 8	Year 3/4 Aqua
Week 9	Kinder Orange
Week 10	Kinder Yellow

SPLIT CLASSES

Splitting classes is something that has to happen on occasion. Whilst we try to avoid it, there are certain times we can not. School budgets and salaries cover the hiring of casuals for teacher's leave whether it be Long Service Leave, Carers Leave or Sick Leave. Sadly, casual teachers are in hire demand and on occasion, we are not able to source a teacher. The other reason class splits happen is due to class teachers taking away a sporting team.

This is an extra-curricular responsibility that teachers take on to enable our students to participate in regional competitions. Unfortunately, there is no scope in school budgets to pay for teacher relief in these situations. Class Splits are planned for, with age appropriate work provided. Careful consideration of student placement is also a top priority.

If you have any further questions or concerns relating to Class Splits, please do not hesitate to contact me.
