### WHITE RIBBON THOUGHT OF THE WEEK

**“I respect myself, respect others, respect learning and respect my environment”.**

#### STYMIE LAUNCHED AT MOLONG CENTRAL SCHOOL

Stymie allows bystanders to send an anonymous message, which will be received by a member of the executive. The notification interface allows bystanders to upload evidence like screen shots of Facebook discussions, Snapchats, text messages or instant message conversations and an outline of the incident(s). The messages are automatically forwarded to a member of the executive. The first conversation we have will be with the student who is experiencing harm and then steps are taken to build some support around the identified young person should that be required.

Molong Central School is committed to harnessing the power of bystanders to ensure students feel safe and supported at school and in the online environment. Stymie compliments Molong Central School's existing student behaviour policy. We hope to create a community of proactive students who are willing to stand up for the rights of other students. In the first week of implementation we had numerous reports which have been acted on, where appropriate, by our executive team. It has been heartening to see how much our students care for each other and I believe this is a tool they have been waiting for to find their voice. Of course all the regular lines of communication remain like making a face to face report but this is another way to engage with our young people.

#### MOLONG CENTRAL SCHOOL SIGNS THE MOLONG ABORIGINAL EDUCATION CONSULTATIVE GROUP PARTNERSHIP AGREEMENT (AECG)

Last week Molong Central School hosted an assembly to incorporate Reconciliation Week and the signing of the AECG Partnership Agreement.

The Partnership Agreement is a statement of intent of how the NSW AECG and the Department of Education and Training are planning on working together. The strength of the NSW AECG is its community base through its network of local and regional AECGs. This allows Aboriginal people to have a voice in self-determining their educational future which will impact on the future prosperity of Aboriginal communities.

Students were engaged in the presentations and we were fortunate to have Aunty Joyce Williams in attendance to conduct the Welcome to Country. Our Aboriginal and Torres Strait population has grown from 4% to 14% in 4 years and the signing of the partnership agreement strengthens the relationship between the Molong Aboriginal Educational Consultative Group and Molong Central School. The Molong AECG meet twice per term and parents and care givers of Aboriginal and Torres Strait students are encouraged to attend.

## FROM THE PRINCIPAL'S DESK continued

### **BUSINESS MANAGER**

Danielle Anderson has been appointed to Molong Central School as the Business Manager and commenced her duties this week.

Danielle Anderson BBusAdmin, DipAg has been appointed to the Business Manager role for Molong Central School.

Danielle has a diverse background with qualifications in Agribusiness and Business Administration, as well as formal training and experience in business management, staff development, team building, financial administration, WHS management, communications, marketing and project management.

Danielle lives in Wellington with her husband Robert, where they manage a property and have raised their family of 2 sons and 2 daughters. Danielle has been actively involved in Parents and Friends activities at Yeoval Central School and understands the demands of this type of school environment. Management experience at Local, State and Federal levels of Government and Industry, Danielle has also delivered volunteer support to Not-For-Profit organisations at these levels.

Over the past decade Danielle has been contracted to numerous businesses, offering business management solutions to improve business processes, marketing and communications advice to improve organisation performance. Danielle has a true drive and passion for business process, she has a friendly, supportive and team oriented manner and is excited to bring a variety of skills to this role.

### **THANK YOU BLAYNEY HIGH SCHOOL AND YEOVAL CENTRAL SCHOOL**

From time to time schools rely on each other's support to ensure day to day running and opportunities are maximised. I have been fortunate to have assistance from Mrs Nicole Bliss recently who assisted on a panel for a position at our school. This can take extensive amounts of time and is a vital component in ensuring positions are matched appropriately to the candidates.

Blayney High School have also assisted us in recent times in assisting Katie Fulwood to compete at the North Western Equestrian Expo. Katie had the opportunity to compete in the Pentathlon in 5 different disciplines where she came 7<sup>th</sup> overall and she also managed 10<sup>th</sup> position in the One Day Event which included dressage, show jumping and cross country. Katie competed with Blayney under the guidance of Blayney High School teacher Rachel Croft as we only had one competitor in the event this year.

## A BIG BUSINESS STARTS SMALL

At Molong Central School we have recognised that enterprise skills are crucial for preparing students for the future of work and in response, to the feedback from last year participants we are involved again in 2019.

**\$20 Boss** is a nationwide immersive entrepreneurship program, which focuses on students learning the skills of critical thinking, team work, project planning and financial literacy. Year 11 Business Studies students are provided with \$20 of start-up capital to help them create, launch and operate their enterprise over the course of a school term. Businesses that make a profit are required to repay the original \$20 of start-up capital.

Students will learn key elements of entrepreneurship and will be taught how to make money and create social good by donating 50% of their profits to a charity or social cause. Some of the charities supported this year include the Red Cross, Buy a Bale and the Salvation Army.

The trading period for our student businesses are from Week 9 and 10 of Term 2 and through the holidays. The business range from selling homemade socks, packaged manure, computer gaming lounge and food stalls. If these student businesses are selling something you want then please support their endeavours.

**Mrs Chisholm**  
**Business Studies**

## ASX GAME WINNERS 2019

Congratulations to our student and teacher winners of the 2019 School Sharemarket Game.

Students studying Business Studies and a third of secondary teachers participated. Players received a virtual \$50,000 to invest over a 10 week period, in 220 companies listed on the ASX. This game is played nationally with over 15,000 players. The prices students buy and sell at are the same prices as they would get in the live market so this is as close to real life share trading as you can get. The prize along with bragging rights this year were some very gaudy gold dollar glasses.

Our best performing student teams/players were;

1. Mercedes Oste \$4,592
2. Alyssa Saxelby and Shaylee Fuller \$2,948
3. Taylor Gander and Maddison Burgess \$1,819.

A special mention to the top performing teacher with Mr Sugden with \$7,281 our runaway winner with second place to Mrs Quigley making \$3,308 and Mrs Chisholm with \$2,820.

# YEAR 7 MUSIC

Year 7 are currently learning the guitar. They have been discussing the main features of the guitar and now they are learning how to play them as accompanying instruments. Here, the students are demonstrating how to play the following chords, D, G, A7, C and D7. Once they perfect these chords the students will learn a variety of strumming patterns and be able to perform simple accompaniments to well-known songs.

Here are the students from 7 Blue working through the chords and patterns.

**Mr Irvine**  
**Music Teacher**

# YEAR 3 BAND

Students from Year 3 have made a fine start to learning their instruments. They can already set them up and pack them away on their own. The clarinets and trumpets can play their first two notes G and F. The flutes and the trombone are able to play F and E flat. We're looking forward to being able to play our first song together by the end of term. At least, ten minutes of practice every day should see us achieve this goal! Well done Year 3!!

**Mr Irvine**  
**Music Teacher**

# WHEN IN ROME DO AS THE ROMAN'S

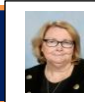

Our Year 7 History classes have been learning about Ancient Rome. To gain a better understanding of the fashions of Rome the students raided their linen closets to bring in large sheets. Once the tuxedo of the Ancient Romans, as it was only worn at formal occasions but today the toga is now a favourite costume at many events. The toga was exclusively for male roman citizens but this did not stop the female students dressing up in the lessons too. Students learnt the technique of wrapping a toga, although there were many comments that a school uniform is more comfortable as a toga is cumbersome to wear. Below are some images of the students from 7 Green and 7 Blue.

*Knowledge Masters: How Things Work* – by Chris Oxlade

*Looking after Cats and Kittens* – by Katherine Stark, illustrated by Christyan Fox

*Nee Naw the Little Fire Engine* – by Deano Yipadee, illustrated by Paul Beavis

Hi,

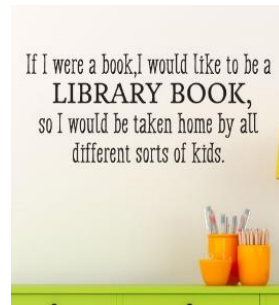

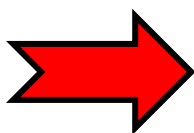

Congratulations to **Demelza Lee (pictured right)** this week for her solid endeavours to complete the PRC for the 7<sup>th</sup> year in a row. She is an avid reader and enjoys browsing the Library for challenging books. Students in Years 3 - 9 who are completing the **NSW Premier's Reading Challenge** are reminded to enter their choices into their individual records at: <https://online.det.nsw.edu.au/prc> ; or on the new student website - <https://online.det.nsw.edu.au/prc/studentExperience.html#/> ; or ask me to enter choices

during Library. I would like to encourage Year 7 students who have completed the Challenge for the last 4 years to participate so they may receive the PRC medal in Year 9. Permission notes are available from the Library. This week I have featured new PRC titles that are available for borrowing.

Nicholas and Zoe Strahorn have received a merit award each for their participation in the 'National Family Reading Month'. Well done! Any other students who took part are encouraged to bring in their information and receive a merit.

**A very concerning issue presently in the Library is the constant return of damaged books. Books have been so water damaged that mould has grown on the pages. I have now had a dozen books returned this term in this appalling condition. There has also been a high incidence of books being drawn in and pages cut. Please be aware that if your child returns a book in this condition you will be asked to pay for a replacement copy. I advise parents to place a resealable plastic bag inside your child's Library bag to prevent accidents occurring.**
